

Coalition Milestones

Making changes to improve your working environment is a process that takes time. This coalition and its milestones will support you along the way.

Description of Milestones

✓ Get Connected

- Participate in one of Tri-County's workplace wellness coalitions and attend meetings regularly. Through the group you will have access to resources, training, shared expertise and funding opportunities. There are no fees associated with participating in a coalition.

✓ Find Your Mission & Vision

- *Submit Commitment Statement:* Completing this statement will set you up for success by ensuring that all levels of your organization are supportive of your efforts to create a healthier work environment.

✓ Learn About Your Organization

- *Complete a Health Links assessment:* This is a cultural and environmental assessment to help you evaluate your current work environment:

1. Step 1. Take the online workplace assessment (35 min). As a member of the coalition your fee for this will be covered (\$180 value).
2. Step 2. Meet with a Health Links Advisor. A trained advisor will review your assessment results provide feedback and suggest next steps.

✓ Share Results

- *Share your Assessment Results & Action Plan:* You will have the opportunity to share your assessment results and plans with other organizations in the coalition and obtain their feedback and ideas.

✓ Sustain Your Work

- *Complete Policy Worksheet:* Written policies or guidelines are essential to sustaining your hard work. The worksheet gives you an opportunity to create a snapshot of where your organization is and identify what your organization needs to work on. A policy will increase the likelihood that systems and environmental changes become part of the workplace culture.

✓ Get Recognized

- Coalition organizations will have multiple opportunities to showcase and receive recognition for their great work through local and statewide events along with traditional and social media promotion.
