

AMENDED PUBLIC HEALTH ORDER REQUIRING FACIAL COVERINGS IN PUBLIC WHERE SOCIAL DISTANCING CANNOT BE MAINTAINED

Pursuant to C.R.S. §§ 25-1-506, 508, 509, and 516, the Tri-County Health Department (“TCHD”) hereby issues this Amended Public Health Order requiring facial coverings to be worn in public where social distancing cannot be maintained in Adams County, Arapahoe County, and Douglas County, so as to control and slow the spread of the SARS-CoV-2 virus (“coronavirus”) and to mitigate the effects of the disease resulting therefrom (the coronavirus and the disease resulting therefrom shall be referred to herein as “COVID-19”). The goal of this Order shall be to control and reduce the spread of COVID-19, to protect the public health, safety, and welfare, and to maintain consistent healthcare capacity in TCHD’s jurisdiction. This Order amends the Public Health Order Requiring Facial Coverings In Public Where Social Distancing Cannot Be Maintained, issued by TCHD on July 10, 2020.

FINDINGS

Whereas, TCHD has public health jurisdiction over Adams, Arapahoe, and Douglas Counties. In furtherance of its jurisdiction, TCHD has the power and duty to investigate and control the causes of epidemic or communicable diseases and conditions affecting the public health within its jurisdiction, as well as the power and duty to close schools and public places and to prohibit gatherings of people when necessary to protect public health, and to establish, maintain, and enforce isolation and quarantine, and in pursuance thereof, to exercise physical control over property and over persons within TCHD’s jurisdiction as it may find necessary for the protection of public health.

Whereas, COVID-19 is a respiratory illness transmitted like other respiratory illness through person-to-person contact, or by contact with surfaces contaminated with the virus, or through respiratory droplets that people expel when they breathe, cough, or sneeze. Persons can be infected with COVID-19 and be asymptomatic yet still contagious. Persons can be contagious 48 hours before developing symptoms. Many people with COVID-19 have mild symptoms and do not recognize that they are infected and contagious and that they can unintentionally infect others. Persons infected with COVID-19 may become symptomatic anywhere from two to fourteen days after exposure. Symptoms include fever, cough and/or shortness of breath or difficulty breathing. Individuals with serious chronic health conditions and older adults are most at risk for becoming very ill with this disease.

Whereas, due to the presence of COVID-19 in Colorado, states of emergency were declared by the State of Colorado and the Counties of Adams, Arapahoe, and Douglas, and those states of emergency continue. In an effort to control and reduce the spread of COVID-19, various executive orders have been issued by the Governor of Colorado, and various public health orders have been issued by the Colorado Department of Public Health and Environment (“CDPHE”) and TCHD.

Whereas, there is substantial evidence of the continued spread of COVID-19 throughout TCHD’s jurisdiction. As of July 22, 2020, there are 13,021 known positive cases in Adams, Arapahoe, and Douglas Counties, and 582 deaths in those Counties. In addition, incidence rates (cases/100,000) have been growing and over the past 14 days are high in all three counties: Adams at 139, Arapahoe at 115, and Douglas at 103.

Whereas, scientific evidence shows that limiting interactions among people slows virus transmission and, as social distancing restrictions are lifted, that the wearing of facial coverings by individuals while in

public areas assists in maintaining reduced virus transmission by reducing the spread of respiratory droplets.

Whereas, the United States Centers for Disease Control and Prevention (“CDC”), CDPHE, and TCHD have recommended that members of the public, when interacting with others outside the home and especially in settings where many people are present, should cover their mouths and noses to prevent inadvertently spreading COVID-19.

Whereas, a facial covering mandate can work in concert with social distancing and frequent hand washing protocols under existing public health orders to minimize the spread of COVID-19 by reducing the exposure of individuals to the virus and by reducing the spread of respiratory droplets. CDPHE guidance on face coverings may found on its website at <https://covid19.colorado.gov/mask-guidance>.

ORDER

Pursuant to the statutory authority granted to the Executive Director, and Public Health Director, of TCHD, and at the authorization and direction of the TCHD Board of Health, the following is ordered:

1. Each person over ten (10) years old, when in Adams, Arapahoe, or Douglas County, must:
 - a. Comply with the requirements of Colorado Executive Order D 2020 138, requiring all individuals to wear a face covering over their nose and mouth when entering or moving within any Public Indoor Spaces, and any subsequent amendments. If Executive Order D 2020 138 expires or is rescinded prior to the expiration of this Amended Order, its provisions shall remain in full force and effect within the TCHD jurisdiction; and
 - b. Wear a face covering when outdoors and unable to maintain a distance of six feet from individuals who are not members of their household unless a Colorado Executive Order D 2020 138 exemption applies.
2. Parents or custodians or caregivers are strongly encouraged to have their children between two (2) and ten (10) years old wear a face covering in accordance with CDC guidelines. Parents and custodians and caregivers must supervise use of face coverings by children to avoid misuse or unsafe conditions.
3. Face coverings are not a replacement for adhering to social distancing and other public health protocols with respect to COVID-19. All individuals must continue to maintain 6 feet or more of distance from other people, wash hands regularly with soap and water for at least 20 seconds, and stay home when sick.

OTHER PUBLIC HEALTH ORDERS RELATED TO COVID-19

This Order is intended to be and shall be read and construed in concert with and as a supplement and addition to all federal, state and local laws and orders related to COVID-19.

To the extent any federal, state, or local municipal orders or laws are more restrictive than what is set forth herein, such orders or laws control.

Local municipal governments within TCHD's jurisdiction retain the authority to issue and enforce equally or more restrictive orders than are set forth herein.

ADVISEMENT AND ADDITIONAL INFORMATION

Along with CDPHE, TCHD is tasked with protecting the health, safety, and welfare of the citizens of Adams, Arapahoe, and Douglas Counties as it relates to epidemic and communicable diseases, including COVID-19. This Order is necessary to control transmission of that disease to persons and to maintain consistent healthcare capacity in TCHD's jurisdiction. Immediate issuance of this Order is necessary for the preservation of public health, safety, and welfare.

If you have questions regarding this Order, please contact TCHD at 303-220-9200 or view the COVID-19 information on TCHD's website at www.tchd.org.

Executive Order D 2020 138, Ordering Individuals in Colorado to Wear Non-Medical Face Coverings can be accessed at <https://www.colorado.gov/governor/sites/default/files/inline-files/D%202020%20138%20Mask%20Order.pdf>.

Members of the public can report suspected violations of this public health order by contacting TCHD at 303-220-9200. Please do not call 911 to report violations of this public health order.

TCHD will attempt to seek voluntary compliance through education, technical assistance and warning notices. However, this Order may be enforced by any appropriate legal means. It is unlawful for any person to willfully violate, disobey, or disregard this Order. Any person who does so may be subject to the penalties provided in C.R.S. §§25-1-516 and 18-1.3-501. In addition, if you do not comply with this Order, TCHD may seek a court order in Colorado state district court to enforce this Order and/or to restrain or enjoin any violation of this Order.

Any business open to the public that permits an individual to enter or remain in the business or on its premises without a required face covering may be subject to the suspension or revocation of its license by the appropriate licensing authority as provided by law.

Any person aggrieved and affected by this Order is entitled to Colorado state district court judicial review of this Order pursuant to and in accordance with C.R.S. §25-1-515. However, the aggrieved and affected person must continue to comply with the terms of this Order while his, her, or its request for judicial review is pending.

If any part or provision of this Order or the application thereof to any person or circumstance is held to be invalid, the remainder of this Order, including the application of such part or provision to other persons or circumstances, shall not be affected and shall continue in full force and effect. To this end, the parts and provisions of this Order are severable.

This Public Health Order shall be in effect July 24, 2020 and shall expire 90 days thereafter unless and until it is earlier amended, extended, rescinded, or superseded in writing by the Executive Director of TCHD. Counties and municipalities within the TCHD jurisdiction can opt- out of, and be excepted from the application of this public health order; to do so, such county or municipality must provide written notification, through its governing body or duly authorized representative thereof, to TCHD at communications@tchd.org by July 23, 2020. Under extenuating circumstances, upon written request TCHD may grant a county or municipality an additional two weeks to opt-out. Any county or municipality

that chooses to opt out of this public health order may opt back in at any time through written notification to TCHD at communications@tchd.org. A list of counties and municipalities that have opted out of this local order can be found in Appendix A.

DONE AND SIGNED, as the official Order of the Medical Director and Public Health Officer (“Executive Director”) of the Tri-County Health Department on this 24th day of July, 2020, at the authorization and direction of the TCHD Board of Health.
